

REMARKS

By this Amendment After Allowance, Applicants have amended Claim 11 to be consistent with the remaining two allowed Claims 1 and 13. The amendment is intended to correct an inadvertent typographical error as to which recitation of "resin film" was to be deleted and replaced by "metal column. This amendment merely undoes the previous amendment of Claim 11 and institutes the correct recitation of the intended change to the claims, as previously made in the Amendment submitted on December 18, 2003 to Claim 1 and also recited in Claim 13. This amendment also brings this recitation of Claim 11 in accordance with the Remarks of the Amendment submitted on December 18, 2003 as well as with the Reasons for Allowance appearing in the Notice of Allowability. No new matter is added, and no substantive amendment is made to Claim 11.

The Examiner's consideration and entry of this amendment is respectfully requested.

Respectfully submitted,

April 6, 2004
